The specifications and/or plans for this plumbing product have been reviewed and determined to be in compliance with chapters Comm 82 through 84, Wisconsin Administrative Code, and Chapters 145 and 160, Wisconsin Statutes.

The Department hereby issues an approval based on the Wisconsin Statutes and the Wisconsin Administrative Code. **This approval is valid until the end of December 2010.**

This approval is contingent upon compliance with the following stipulation(s):

- Plan approval must be obtained prior to installation from this Department's Bureau of Integrated Services for each complete project. Each complete project must be designed in accord with chapter COMM 90 requirements. This plumbing product approval is for the pre-fabricated shell of this product only.
- **DISCLAIMER**
The department is in no way endorsing or advertising this product. This approval addresses only the specified applications for the product and does not waive any code requirement not specified in this document.
- The therapy tank will be marked with the manufacturer's name and serial number. The model numbers will include the letter W as the last character indicating compliance with chapter Comm 90.
- The recirculating system shall be designed and installed to maintain sixty (60) gallons per minute of flow rate.
- A copy of this approval letter must accompany each installation of this product in the State of Wisconsin.

This approval supersedes the approval issued on INSERT DATE under product file number #####. This approval letter shall be incorporated with your previously approved plans and/or specifications approved under product file number #####.

The department is in no way endorsing this product or any advertising, and is not responsible for any situation which may result from its use.

Sincerely,

Glen A. Jones
